Re: Reference regarding an association with DG Construction

During 2015 , David and Christa Cloete contracted DG Construction to embark in a major Renovation project to our home. The project extended over a period of 5 months. The project consisted the following: Building a 7 x 3.5m garage from scratch. Renovating both bathrooms, kitchen with open plan living room and dining room. Replacing all window frames with Aluminium, etc . Covering an area of 221sq/m at a cost of R589 060.

The complete project was handled with profession, skill and utmost patience from Dion and his team. We were delighted with the services of DG Construction and recommend them highly for construction of similar nature. From beginning, during and completion of the project our relationship with Karen and Dion Griffiths was and remains amicable.

Should you wish to contact us, please feel to do so on the contact number above. Viewing our home on appointment with Dion will be considered.
