

18<sup>th</sup> October 2017

To whom ever this may concern.

Dear Sir / Madam,

**Re; Reference regarding an association with DG Construction**

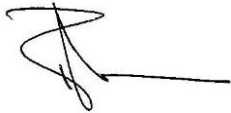

In 2014 Emfuleni Storage Solutions embarked on a construction project, being Storage Units in Naledi Industrial Park Sasolburg, using the services of DG Construction as the main Construction Contractor.

Two more projects followed in 2016 and 2017 respectively, expanding total storage units coverage to 2660m<sup>2</sup> totalling value R4, 4m.

In all matters that related to these projects, i.e. Workmanship, Professionalism and Business relationship, we were pleased with the services of DG Construction and recommend them unreservedly for Construction work of similar nature.

Our relationship with both Karen and Dion Griffiths was, and has remained amicable.

Should you wish to contact the undersigned for further information, please feel free to do so.
