**REFERENCE LETTER FOR : D G CONSTRUCTION, VANDERBIJLPARK**

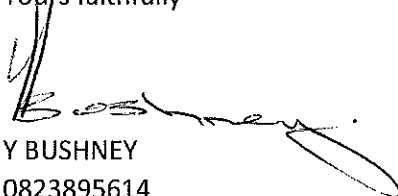

D G Construction did a total renovation of our flat at Antigua Bay, Vanderbijl Park.

The renovation included for Builders work (knocking down walls, building in of walls, installing stack doors and sliding windows, plastering, tiling), all electrical work for the installation of a new kitchen and installed all new lighting throughout the flat, installed new bathrooms which included all the necessary plumbing works.

D G Construction's work was above standard, they were extremely efficient and kept us up to date every step of the way.

We can highly recommend them for any of the above work.

Yours faithfully

Y BUSHNEY
